A full set of Neptune armor, for example will allow you to walk across the depths of the ocean with ease, and a full set of Valkyrie armor will allow you to fly! Getting your hands on these mythic sets won't be easy, though.. The Aether 2 is the sequel to the Aether 1 Much has changed since the days of the Aether 1, but it still remains a collaboration between people from various different disciplines with a shared goal of creating a new and unique dimension.. You'll have to relearn key ideas as the Aether challenges you with twisted materials, terrifying monsters and deep lore if you want to survive and prosper in this strange new land.. This mod is the sequel to the highly popular dimension mod "The Aether", set in a hostile paradise miles up in the clouds, the Aether is an entirely different world from what regular players are used to, filled with fantastic creatures and mysterious structures, the Aether is a world brimming with life and history.. As the mod comes closer to a final release, Dungeons, Biomes, NPC settlements will pepper the landscape, offering new and exciting challenges and experiences unique to this mysterious world.
